## To Better Serve Its Rapidly Growing Business Sign and Awning Clientele in New Hampshire, Metro Sign & Awning Launches 5 Local Websites

*Businesses Interested in Custom Signs or Commercial Awnings in [Portsmouth NH](#), [Manchester NH](#), [Nashua NH](#), [Concord NH](#) and [Boston MA](#) Now Have Sites Dedicated to Their Local Needs*

**Tewksbury, Mass.— Dec 16, 2011—** To better serve its rapidly growing base of business sign and commercial awning clients in New Hampshire, Metro Sign & Awning today launched four new, local websites: <http://www.SignsManchesterNH.com>, <http://www.SignsNashuaNH.com>, <http://PortsmouthNHSigns.com/>, <http://www.SignsConcordNH.com>,. And to better serve its Boston-based customers, the Company also launched <http://www.SignsBostonMA.com>. The Company's current website, <http://www.MetroSignandAwning.com>, will continue to provide signage information to all other communities in New England.

“As our expansion into New Hampshire accelerates, we’re finding our New Hampshire prospects and clients benefit from having websites devoted to their unique needs,” says Tom Dunn, VP of sales and marketing at Metro Sign & Awning. “We are also finding that Granite State businesses really appreciate that we're generally less expensive than our major competitors even though all our signs and awnings are warranted for three years: triple what competitors offer.”

In addition to an industry leading 3 year Gold warranty, Metro Sign & Awning also offers a “bumper-to-bumper” 5 year Platinum Warranty package that provides:

- **Expense Protection:** You won't spend another penny on your sign for the next 5 years! Every part of the sign is covered, including consumables like bulbs (even if a crane is needed to change one).
- **Change Protection:** things happen, strategies change, and competitors emerge. If you choose to change your sign over the 5 years, a pro-rated portion of your original investment will be applied to your new business sign or commercial awning.

“I've always been impressed with the importance Metro places on customer service,” says Steve Sher owner [Go Wireless](#) of Concord NH, “and their willingness to invest to better serve their New Hampshire customers is a perfect example of that.” Metro Sign's focus on quality allows them to offer those amazing 3 and 5 year warranties.

### About Metro Sign & Awning

High quality materials and workmanship, competitive pricing, as well as prompt, professional service have all contributed to Metro Sign & Awnings position as #84 on the Inc. magazine list of fastest growing manufacturers in America.

Metro Sign & Awning works directly with retailers, restaurant, banks and other commercial businesses in greater [Boston](#) and New Hampshire (including [Manchester](#), [Nashua](#), [Concord](#), and [Portsmouth](#)) for their business signs and commercial awnings. We also partner with architects, general contractors, property managers and other firms who require multiple signs or awnings for themselves or their clients. To learn more, visit [www.MetroSignAndAwning.com](http://www.MetroSignAndAwning.com).
